

The University of Western States (UWS) strives to provide a safe environment for employees, students, guests, outside contractors, and all other visitors while on campus or clinic property.

For the safety of all, the use of bicycles, unicycles, motorcycles, motor scooters, motorized carts, roller skates, roller blades and/or skateboards on sidewalks, stairs, or other pedestrian or seating areas is strictly prohibited. Hoverboards, self-balancing two-wheeled boards, self-balancing electric scooters, or other battery-powered scooters (with the exception of FDA-approved medical devices) are prohibited at all times on UWS campus and clinic properties.

Flying unmanned aerial vehicles (UAV), drones, or any other type of unmanned or remote-controlled aircraft (including model aircraft) is prohibited on all UWS property unless prior approval has been granted through the office of the president.
