

Addendum to the 2019-2020 Academic Catalog

Effective: 01/06/2020

Catalog Page Number: 10

The following language in the Tuition and Fees section of the catalog has been updated to read:

Tuition and Fee Assessment

Tuition and fees are assessed for all students prior to the first day of each term of enrollment in accordance with the applicable program tuition and fee schedules, which can be found on the [website](#), and in the office of admissions, the business office and the office of financial aid. Please refer to [Policy 3022 Modified Schedule Tuition – DC Program](#).

Tuition and Fee Payment

Students are personally responsible for meeting their financial obligations to University of Western States. Payment of tuition and fees is due on the first day of the term. Interest begins accruing on the first day of the term, however, a grace period is granted until the last calendar day of the first month of the term in order to make satisfactory payment arrangements with the business office.

The following language was added to the catalog for the DC program:

Alternative Admissions Track Plan

Students who do not meet the minimum standards for admission to the DC program but have at least a 2.75 GPA for 90 hours of acceptable undergraduate coursework, may be eligible for an Alternative Admissions Track Plan (AATP). Such applicants should contact the office of admissions for further information. Students admitted with AATP status will be provided with individualized academic plans that may include, but are not limited to, any one or more of the following: reduced course loads, required tutoring, assigned mentors, and regular progress monitoring.

The following course description for CED7160 Intern Development was updated to read:

Students learn and practice with the current electronic health records system used by all UWS clinics and learn how clinical procedures are conducted through observations in the clinic system. The report-writing portion of the course is online and focuses on correspondence a chiropractic physician would be expected to produce in practice including progress reports, referral letters to colleagues and specialists, and work restriction letters. The report-writing portion of the course provides a bridge between the didactic and clinical courses.

Effective: 01/06/2020
