

# NAMING OPPORTUNITIES

*Take the Lead and Create Your Legacy at University of Western States*

University of Western States is so much more than just bricks and mortar. Our new campus, opening spring 2020, will further our ability to *Take the Lead* in integrated health care education. The new facility will be an expression of shared values, a symbol of bold leadership and proof of the growing demand for evidence-informed, integrated, whole-person health care.

*Help welcome us into our new home.*

This is an exciting, once-in-a-lifetime opportunity to make a major impact on our new campus and our students. Your identity and philanthropic spirit will help advance the process of bringing our innovative, state-of-the-art facility together.

Your example will encourage future generations of contributors to continue to help enhance our university. Let us celebrate you and create a legacy that has a permanent impact for the new home of UWS.

Contact donor relations for more information at 503-847-2574 or [giving@uws.edu](mailto:giving@uws.edu).

# Create Your Legacy at University of Western States

**The future of health care is the future for all of us.**
