## Introduction

University of Western States (UWS) is committed to providing safe work and learning environments and recognizes crime prevention is the individual and collective responsibility of employees, students and visitors of the university. Crime prevention is best served by the vigilant surveillance of the premises and reporting any suspicious behavior.

The information contained in this report is provided to assist students and employees in making decisions that may affect their personal safety when considering enrollment or employment at UWS. The report provides current students, employees and prospective students with information to help them avoid becoming victims of crime on campus. UWS does not offer on-campus housing.

The report is available electronically on the UWS website under the Campus Safety section under the Campus menu: <https://www.uws.edu/community/safety/>. The webpage includes a link to the annual Campus Safety and Security Survey, which includes data collected from internal and external sources. Internal sources include campus safety, student services, campus operations, human resources, and reports from faculty, students, staff and clinicians in response to accidents or incidents occurring on campus. The Portland Police Bureau and the Gresham Police Bureau also provide Clery crime statistics. UWS office of campus safety is committed to preserving a safe and secure environment on behalf of every person who works and learns at the university.

## What is the Clery Act?

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or “**Clery Act**” requires post-secondary schools participating in Title IV student financial aid programs to publish an annual statistical report of crimes occurring on or near the institution’s campus and to provide information about security policies, procedures and programs.

*This report includes data for calendar years 2017, 2018 and 2019.*

There have been several amendments to the Clery Act since it was originally passed under The Higher Education Act (HEOA) of 1965. Further changes to update, clarify and improve the current regulations were made to the Clery Act by the Violence Against Women Reauthorization Act of 2013. These amendments afford additional rights to campus victims of sexual violence, dating violence, domestic violence and stalking. UWS makes good faith efforts to incorporate legislation regarding the Violence Against Women Act (VAWA). More information on the Clery Act can be found on the U.S. Department of Education website at: <http://clerycenter.org/>.

## UWS Policies Related to Clery Act Reporting

The university is committed to providing a safe environment for learning and working. The policies described in this report address campus safety and security at UWS. These policies may be updated throughout the year and are available at <https://www.uws.edu/uws-policies/>. These UWS policies apply to the UWS community regardless of location.

## How UWS Compiles Clery Campus Crime Statistics

Crime statistics are obtained externally from the Portland Police Bureau and Gresham Police, and internally from student services, facilities and campus safety as well as from incident reports submitted to the vice president for planning and operations.

## Reporting Criminal Offenses

### Main Campus Crime Reporting

UWS encourages accurate and prompt reporting of all crimes and concerns to campus safety and appropriate police agencies.

Situation	Contact
Immediate life-threatening or emergency	Call 911, then call Campus Security at 503-206-3206 or 211 from a campus phone
Criminal offense occurred in the past (burglary, etc.)	Campus Security at 503-206-3206 or 211 from a campus phone

Details of incidents can be submitted via an online threat assessment, incident management and prevention services reporting software known as TIPS, hosted by Awareity. TIPS is available directly through the UWS website under the "Inside UWS" dropdown menu, at the bottom of the UWS main page, or on the [campus safety webpage](#). This reporting software is available to all UWS students, employees, neighbors and visitors and allows for confidential reporting of all incidents or safety concerns. This software will allow for anonymous reporting; however, users are encouraged to leave their contact information so that they can be contacted with follow-up information regarding their report.

UWS identifies and trains campus security authorities (CSA) on an annual basis to report crimes on campus.

### **Off-Campus Crime Reporting**

While UWS does not have any off-campus student organizations, UWS does operate multiple off-campus health centers. For any emergencies at an off-campus location, call 911. Portland police officers are the first responders for any major safety and security issues at the UWS Health Center in East Portland. Gresham police officers are the first responders for any major safety or security concern for UWS Health Center in Gresham. Any incidents occurring at an off-campus location should also be reported using the TIPS reporting software.

<b>Off-site Location</b>	<b>Police Jurisdiction</b>	<b>Non-Emergency Number</b>
UWS Health Center – Eastside	Portland Police	503-823-3333
UWS Health Center - Gresham	Gresham Police	503-823-3333

### **UWS Office of Campus Safety**

The executive director of emergency management, safety, security, and campus operations oversees the office of campus safety. Campus safety can be reached at 503-206-3206 or by dialing 211 from a campus phone. During the day, facilities staff members trained in public safety response handle campus safety and security. Contracted security agents provide security coverage in the late afternoon, weekends and evenings during hours when students and staff may be on campus.

UWS campus security officers are not sworn law officers and have no authority to make arrests. The Portland police have jurisdiction on the main campus located at 2900 NE 132nd Avenue. There is no memorandum of understanding in effect between UWS and the Portland police. Safety officers conduct foot patrols on the main UWS campus only.

The office of campus safety provides:

- Personal escorts during the evening or after normal business hours from buildings to parked cars
- Distribution and tracking of university keys
- Access control for the anatomical sciences building
- Security for university facilities
- Logging and investigation of criminal incidents
- Responses to emergencies, fire and security alarms
- Reports of injuries or illness
- Investigation of traffic accidents
- Reports of safety hazards
- Crowd control
- Parking and traffic enforcement
- General information and other types of service calls

The executive director of emergency management, facilities, and campus operations chairs the safety and security committee. The committee develops safety policies and procedures. Additionally, the executive director of emergency management, safety, security, and campus operations provide campus safety information during new student orientation.

### **Campus Timely Warning and Notification System**

UWS employs a campus notification system to alert members of the UWS community in the event of a weather-related campus closing or delayed opening, emergency situation or other important situation such as the occurrence of a crime. The university determines the content of the notification and initiates the notification system. Powered by Omnilert and AppArmour, the notification system is used to communicate important information during any potential emergency.

Participation in the campus notification system is optional, and participants must sign up to receive these important messages via text or email. Registration is completed online at <https://www.uws.edu/alerts/> on the UWS website. Notices are transmitted in the form of text messages sent to subscribers' emails and/or cell phones. The university does not charge participants to use the service. However, recipients of messages may be assessed a text-message fee by their cell phone provider.

### **Policy 3019 Timely Warning Notification**

[https://ftp.uws.edu/udocs/Public/Policies\\_Public\\_Access/Business\\_Facilities%20Polices\\_3000s/Policy3019\\_Timely\\_Warning\\_Notification.pdf](https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Business_Facilities%20Polices_3000s/Policy3019_Timely_Warning_Notification.pdf)

UWS may issue timely warning notifications if a crime or other dangerous situation is considered a serious and on-going threat to students, faculty or staff at the main campus or off-site locations. Decisions regarding whether to issue an alert are considered on a case-by-case basis.

Circumstances in which notifications are issued may include hazardous weather, a lock down or any other safety or security concern requiring immediate notification. Such notifications are issued through the campus notification system as well as through the university email system. Campus administration tests the alert system twice a year.

## **Management of Campus Safety and Emergency Response**

### **UWS Safety and Security Committee**

The executive director of emergency management, safety, security, and campus operations has overall oversight of campus safety and security programs. The safety committee is chaired by the executive director of emergency management, safety, security, and campus operations, and committee members include university faculty, staff, administrators and students. Meeting minutes are distributed electronically to all members of the safety committee to be shared with their respective departments. Meeting minutes are also posted on the university webpage for committee meeting minutes.

### **Campus Training and Education**

Incoming on-campus students complete a campus safety orientation online. The training includes important contact information, safety awareness education, and how to handle accidents and injuries. The UWS Annual Security Report is posted on the university website and distributed via email on or before October 1 of each year. A safety-related email is sent at the start of each quarter to all students and employees. This email includes important contact information as well as information about how to submit incident reports, reminders and information regarding pertinent safety information for the time of year, and links to local resources. The university updated its emergency preparedness plan and provided training to employees in November 2017, in addition to annual trainings since then. The safety committee is also working on updating the emergency preparedness plan for the new campus location, and training for the updated plan is anticipated to occur by October 1, 2020. The information is shared electronically with all students and employees and can be found online at <https://www.uws.edu/emergency-preparedness-uws/>. Two lockdown drills successfully occurred in 2019, which is planned to occur on an annual basis, at minimum, along with fire and earthquake drills.

Campus Security Authorities (CSA) are identified and trained using training materials provided by the Clery Center for Campus Safety.

### **On Campus Emergency Response – UWS Main Campus**

UWS responds to emergencies including accidents, injuries, life threatening situations and other unforeseen or dangerous occurrences on campus. The following procedures should be followed in the event of an accident/injury/incident on the UWS campus. These incidents are reported via the TIPS reporting tool.

### **Policy 1003 Accident/Injury/Incident Response**

[https://ftp.uws.edu/udocs/Public/Policies\\_Public\\_Access/Institutional\\_Policies\\_1000s/Policy1003\\_Accident\\_Injury\\_Incident\\_Response.pdf](https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1003_Accident_Injury_Incident_Response.pdf)

If an accident/injury/incident which occurs on campus is an emergency, a threat to others, or a medical emergency, the following procedure should be observed:

1. Call 911 immediately.
2. Call UWS campus security 503-206-3206 or 211 from a campus phone.
3. Designated campus security personnel will respond to the emergency, assess the situation, and call 911 if others have not already done so. Campus designated security personnel will provide information to the police and responding agencies.
4. If an injured individual is unable to walk without further risk of injury, the person should only be moved by qualified personnel.
5. If an injured individual is able to walk without further risk of injury, the person should proceed to a UWS Health Center for evaluation or seek care elsewhere off campus.
6. The designated campus security officer notifies the vice president for academic affairs or the executive director of emergency management, safety, security, and campus operations in the case of emergencies requiring hospital treatment or adverse impact to UWS property.
7. The vice president for academic affairs or the executive director of emergency management, safety, security, and campus operations notifies the campus community of any emergencies that present a danger to others via the campus emergency notification system. The administration takes all necessary steps to ensure the safety of all constituents.
8. The designated campus security officer completes an incident report via TIPS reporting, takes witness information and statements, asks for police contact information, and collects all relevant information and reports at the scene.
9. If the affected person is a UWS employee, the designated campus security officer also notifies the director of human resources.
10. If the affected person is a student, the designated campus security officer notifies the office of student services.
11. Within 24 hours of the accident/injury/incident, the designated campus security officer submits a copy of all reports and information obtained at the scene to the executive director of emergency management, safety, security, and campus operations.
12. Upon receipt of the TIPS report, executive director of emergency management, safety, security, and campus operations reviews the report and any associated materials and forwards the report to necessary parties. The executive director of emergency management, safety, security, and campus operations investigates to resolve any questions, safety/security issues or concerns.
13. Designated campus security personnel note the date, time, and place of the accident/injury/incident in the safety log. The safety log and copies of all reports and materials are kept in a secure location in the campus safety office.

### **Safety Issues and Repairs**

If an unsafe condition on campus contributed to the accident/injury/incident, these procedures are followed:

1. The designated campus security officer responding to the scene immediately notifies facilities/maintenance of the condition or repair issue if the condition presents an impending risk to others. The designated security officer will remain at the site until maintenance personnel arrive.
2. If a patient reports a campus safety condition at a UWS Health Center, the patient's clinician immediately notifies the clinic director who forwards the information to the executive director of emergency management, safety, security, and campus operations.
3. If the condition does not present an immediate risk to others, the designated security officer places a visible barrier or marker at the site until the repair has been completed.
4. The executive director of emergency management, safety, security, and campus operations verifies that the safety issue has been resolved.

### **Policy 3020 Closing Due to Inclement Weather or Emergency**

[https://ftp.uws.edu/udocs/Public/Policies\\_Public\\_Access/Business\\_Facilities%20Polices\\_3000s/Policy3020\\_Closing\\_due\\_to\\_Inclement\\_Weather\\_or\\_Emergency.pdf](https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Business_Facilities%20Polices_3000s/Policy3020_Closing_due_to_Inclement_Weather_or_Emergency.pdf)

Circumstances beyond the university's control, such as inclement weather, national crisis or other emergencies, may cause it to be unsafe for employees and students to report to work/classes. The president or designee decides when and if conditions warrant official campus closure or delayed start of the workday.

If the UWS campus is not closed and an employee believes they cannot safely get to work, the employee may take unpaid time off or use accrued vacation. The employee must notify their supervisor as soon as possible.

### **Safety Awareness and Crime Prevention**

Part of crime prevention is individual safety consciousness and awareness of one's immediate environment. UWS suggests the following crime prevention measures, which contribute to the safety and security of the entire UWS community:

- Students and employees should wear their UWS identification badge at all times.
- Do not park in isolated areas. At night, walk in well-lighted areas in groups and avoid short cuts and deserted areas. Students and staff may call campus public safety to provide a safety escort if desired.
- Lock your car immediately upon entrance to or exit from your vehicle.
- Keep your car keys and all personal identifying information with you at all times.
- Do not leave valuable items in your car.
- Do not carry more cash than necessary or advertise how much you have.
- Do not leave personal property unattended anywhere on campus. Keep your locker secured and do not store valuables or your ID in your locker.
- Do not bring any kind of weapon onto UWS property. Firearms and other weapons are prohibited under [Policy 1018 Weapons on Campus](#). Violators are subject to disciplinary action.
- Never confront someone suspicious. If necessary, call 911 from a safe location.

If anything makes you feel unsafe or threatened, call UWS campus public safety at 503-206-3206 or 211 from a campus phone. In an emergency situation, always call 911 first from a safe location.

Safety and crime prevention is of the utmost importance to the campus community. During normal business hours, UWS is open to students, employees, contractors, guests and invitees. Please contact UWS campus safety during non-business hours to access campus facilities.

### **Tips to Prevent Sexual Violence**

Sexual violence affects both men and women. UWS prohibits the crimes of dating violence, domestic violence, sexual assault and stalking and is committed to providing an environment that is free from discrimination on the basis of gender. The university provides resources and training to address concerns related to discrimination on the basis of gender and sexual harassment, including acts of sexual violence, all of which are forms of gender-based discrimination prohibited by Title IX.

The Title IX coordinator answers questions regarding the process of reporting, resources, investigation of complaints of sexual discrimination, sexual harassment, sexual assault, domestic violence, stalking or other potential Title IX violations. The associate vice president for student and university affairs serves as the UWS Title IX coordinator. The AVP may be reached at 503-847-2599.

Below are tips to help prevent sexual violence:

- Be aware of your surroundings. Knowing where you are and who is around you may help you find a way out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don't know where you are going, act like you do.
- Trust your instincts. If you feel uncomfortable about a person or situation, remove yourself from the situation immediately. Don't be afraid to make a scene if you are confronted.
- Don't allow yourself to be isolated with someone you don't know or trust.

- Make sure your cell phone is with you and charged and that you have money for a cab ride, if needed.
- Avoid using headphones in both ears, so you can be more aware of your surroundings, especially if walking alone.
- Try not to load yourself down with packages or bags, as this can make you appear more vulnerable.

#### **What to do if you are sexually assaulted:**

- **If you are in immediate danger, call 911.**
- **Get to a safe place.** Consider calling a friend or relative for support. This is not the time to be alone. 24-hour crisis lines have trained staff who can support you and explain your options.
- **Go to an emergency room.** Be examined and treated for injuries as soon as possible. If you decide to report the assault to the police, physical specimens collected soon after the assault will be valuable evidence. Do not shower or clean yourself first, or wash the clothes you were wearing.
- **Get medical attention.** Even if you don't intend to report the assault, take care of yourself. You can receive Plan B, pregnancy screening, and screenings for treatments for infections. These services are free for survivors of sexual assault.
- **Know the facts.** Hospitals store evidence for six months, so you can change your mind later.
- **Make space for healing.** You may experience many different emotions: fear, grief, guilt, shame and rage. There are many options for support: talk with a counselor, join a survivors' group, or talk with friends and family.
- **Be compassionate about yourself.** You are not to blame for the rape. Even if your body responded sexually or you believe you were naïve, not cautious or even foolish, it is not your fault. Your behavior did not cause the rape; the rapist caused the rape.

#### **Be an ally to a victim:**

- When attending a party, go with a group of friends and arrive together. Check in with each other frequently and leave together.
- Have a buddy system. Don't be afraid to let a friend know if you are worried about their safety.
- If you see someone who is intoxicated, offer to call them a cab.

#### **If someone you know has been assaulted:**

- Listen and be there. Don't judge or tell your friend what they should have done differently.
- Be patient. Remember, it will take your friend some time to deal with the crime.
- Help to empower your friend. Sexual assault is a crime that takes away an individual's power. It is important not to compound this experience by putting pressure on them to do things that they are not yet ready to do.
- Encourage your friend to report the rape to law enforcement and to seek medical attention. Offer to accompany them wherever they need to go (hospital, police station, campus security, etc.).

#### **On-campus Resources Addressing Sexual Assault and Sexual Misconduct**

UWS produces resources in writing and provides training opportunities throughout the year. Here are some examples:

- UWS publishes a brochure, 'Sexual Assault and Violence Prevention Resources,' which provide tips and resources to help the UWS campus community stay safe. This brochure is distributed to incoming students and available on campus at the student services office and on bulletin boards.
- The online orientation for incoming students addresses sexual assault prevention and support resources.
- New employees are required to take an online sexual harassment prevention training course.
- Student services sponsored a Safety Fair on June 23, 2014.
- UWS held a mandatory safety training for employees, which included information about sexual assault and sexual misconduct in January 2016.
- Six UWS employees completed the ATIXA Civil Rights Investigator Level One training for investigating and following procedures related to sexual assault and misconduct. This training prompted review and revision of several UWS policies.

## Community Resources to Support Victims of Sexual Assault and Misconduct

The state of Oregon provides a website to identify sex offenders registered in the state. After agreeing to the terms of site use, you may search by name or list an address. When listing an address, the residences of any registered sex offender will show up with their location in proximity to the address provided. Here is the link: <http://sexoffenders.oregon.gov/>

University of Western States (UWS) is committed to maintaining a working and educational environment that values the inherent worth and dignity of every person. In support of this commitment, the university prohibits all discrimination including harassment and retaliation based on such factors as race, religion, color, gender, age, citizenship status, national origin or ancestry, genetic information, disability, veteran status, marital status, legal source of income, familial status, sexual orientation, gender identity or gender expression, or any other status protected by law.

All members of the university community are responsible for creating educational and work environments that respect diversity and that are free from discrimination. All members of the university community will cooperate with university officials charged with investigating allegations of policy violations.

This policy complies with all relevant federal and state laws related to discrimination and harassment within a learning or working environment.

This policy is intended for individuals in the protected status (as described above); however, if individuals who are not in a protected status have concerns regarding harassment, they should contact:

Any member of the UWS community including students and employees may seek advice, information or counseling on matters related to discrimination and harassment without having to report or file a complaint. These individuals can also assist a complainant in accessing a university official who may be able to mediate the conflict by discussing the allegation informally with relevant parties in an attempt to end the alleged discrimination or harassment and resolve the issue. The complainant may request to have their name kept confidential at this informal stage.
