

*The functionality mentioned in this manual may differ from the functionality available to you.  
There may need to be custom development to implement this functionality.*

- I. Installing the ExamN Browser (Windows)
- II. Installing the ExamN Browser (Apple)
- III. Registration Code

# Installing the ExamN Browser (Windows)

1. Open the internet browser.
2. Copy and paste the following link in the address bar and press Enter:  
<https://he.emedley.com/downloads>
3. Select **ExamN Browser** from the side bar and click download under **ExamN Browser -> Windows**.

## Downloads

Below are the available downloads for software related to the eMedley application family. Please download the proper package for your operating system and architecture.

The screenshot shows the 'Downloads' section for ExamN Browser. It features a sidebar with the 'examn' logo. The main content area is titled 'ExamN Browser' and lists two download options: 'Windows Version 5.0' and 'Mac Version 5.0'. Each option includes a box icon representing the operating system and a yellow 'DOWNLOAD' button with a download icon.

4. Allow the file to **Download**.

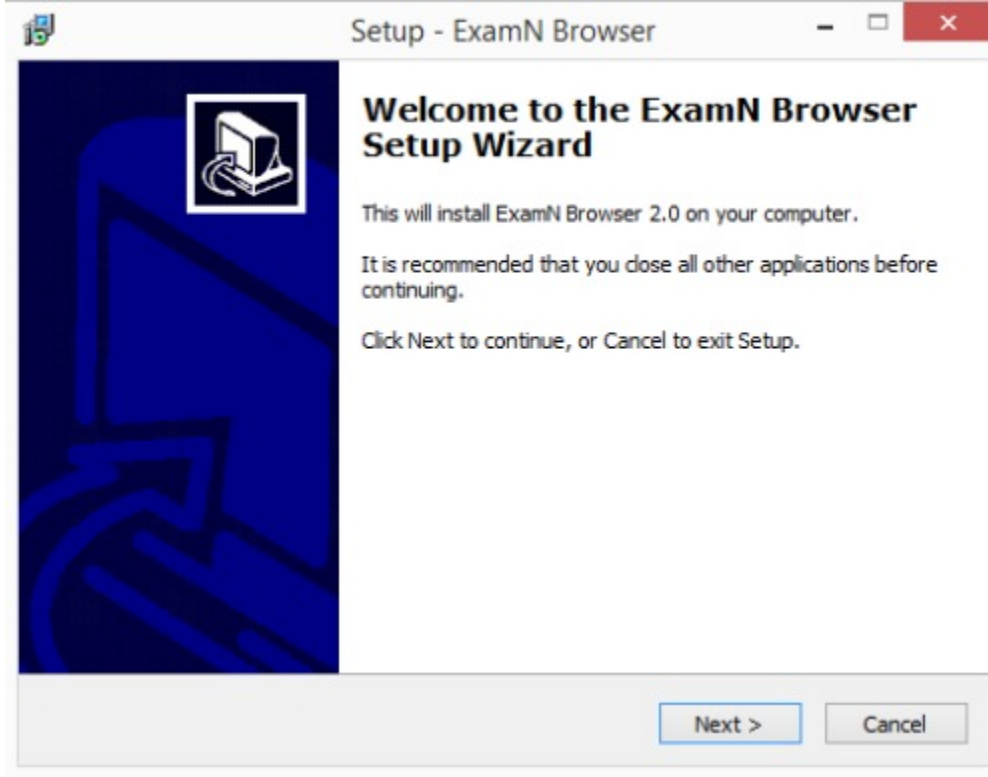

5. Double click on the **setup.zip** file and the zip will open. Double click on the **setup.exe** to run the program.

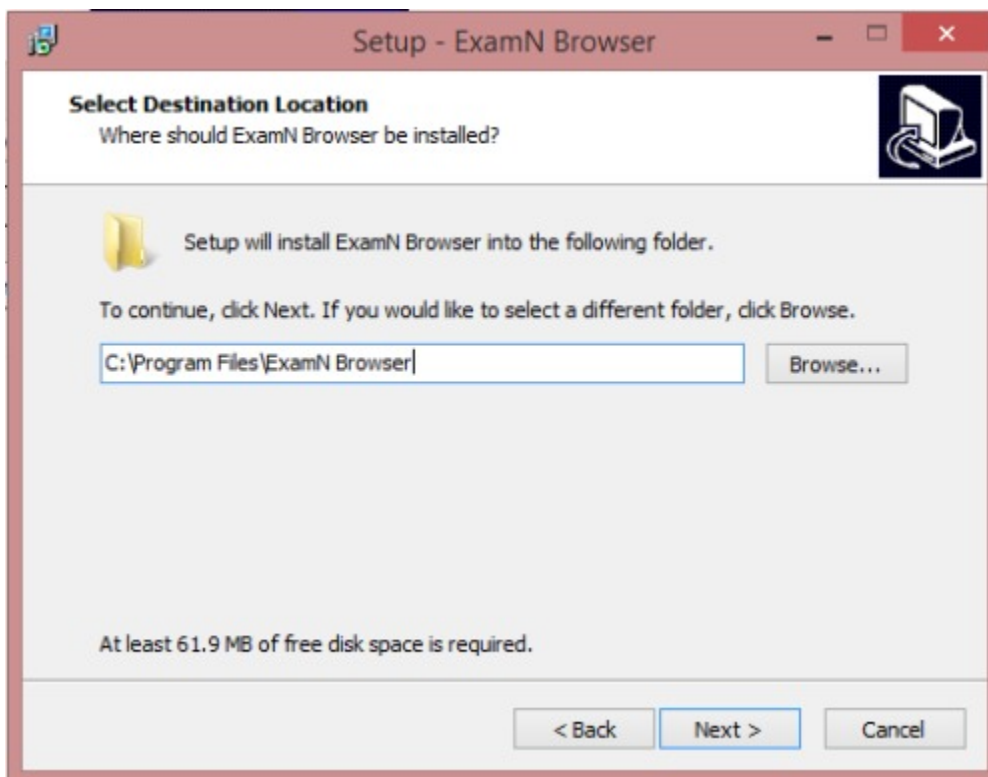

| Name      | Size       |
|-----------|------------|
| setup.exe | 18 645 074 |

6. Click **Yes** on the "Do you want to allow the following program from an unknown publisher to make changes to this computer" pop-up.

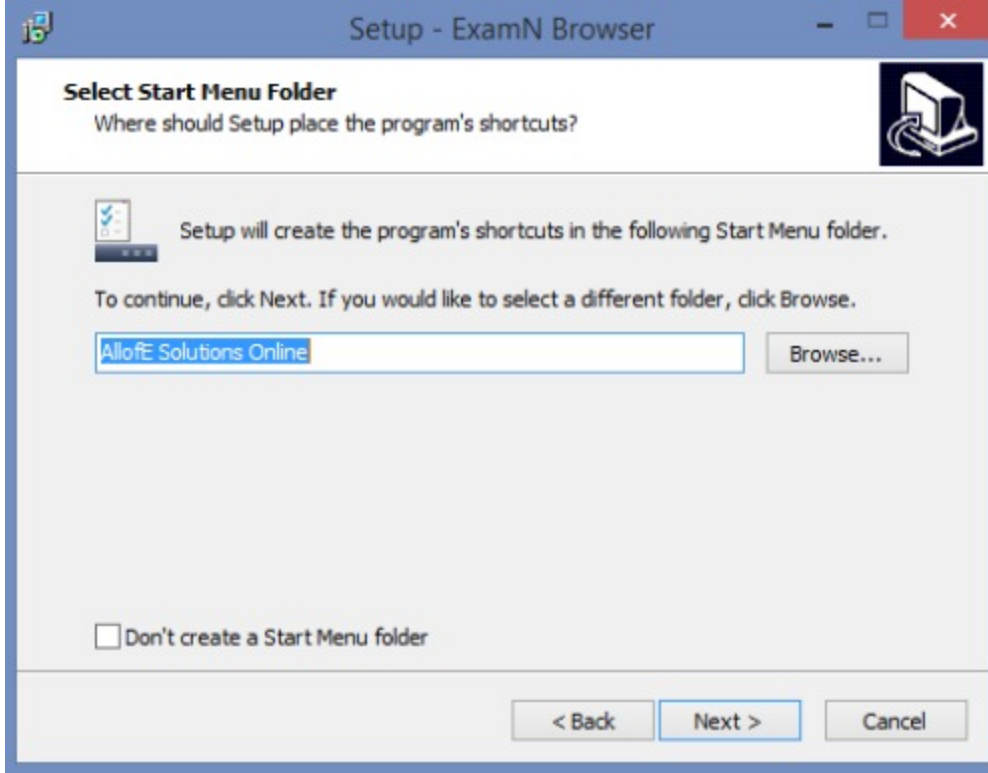

7. On the Setup - ExamN Browser window, click **Next**.

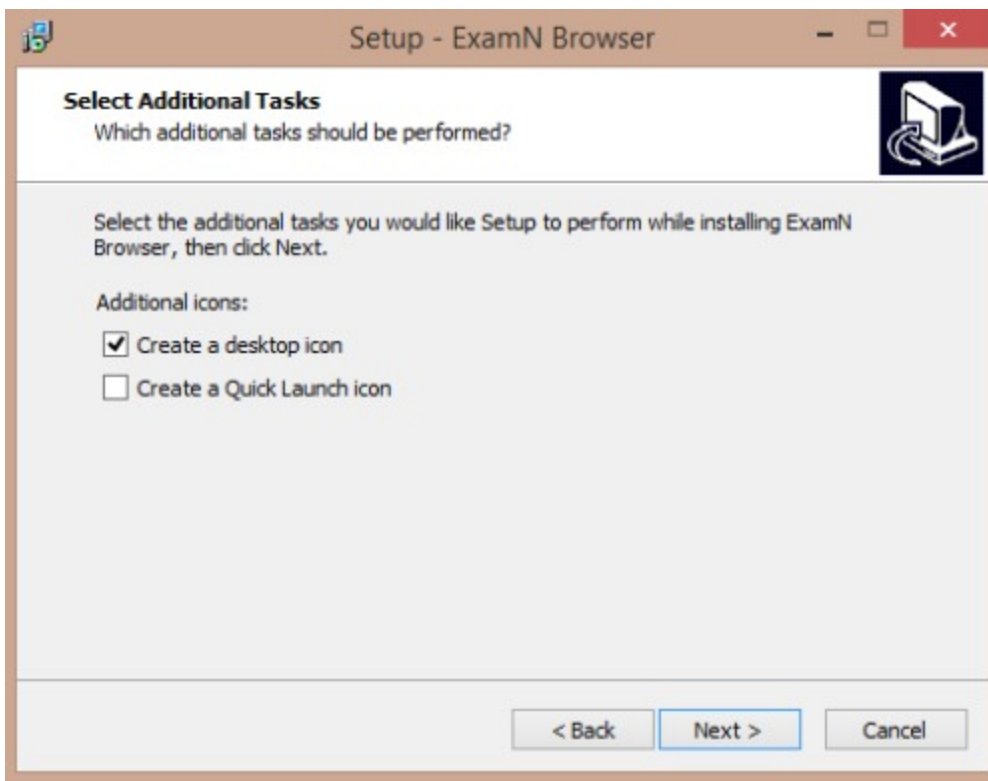

8. Click **Next** on the Select Destination Location popup.

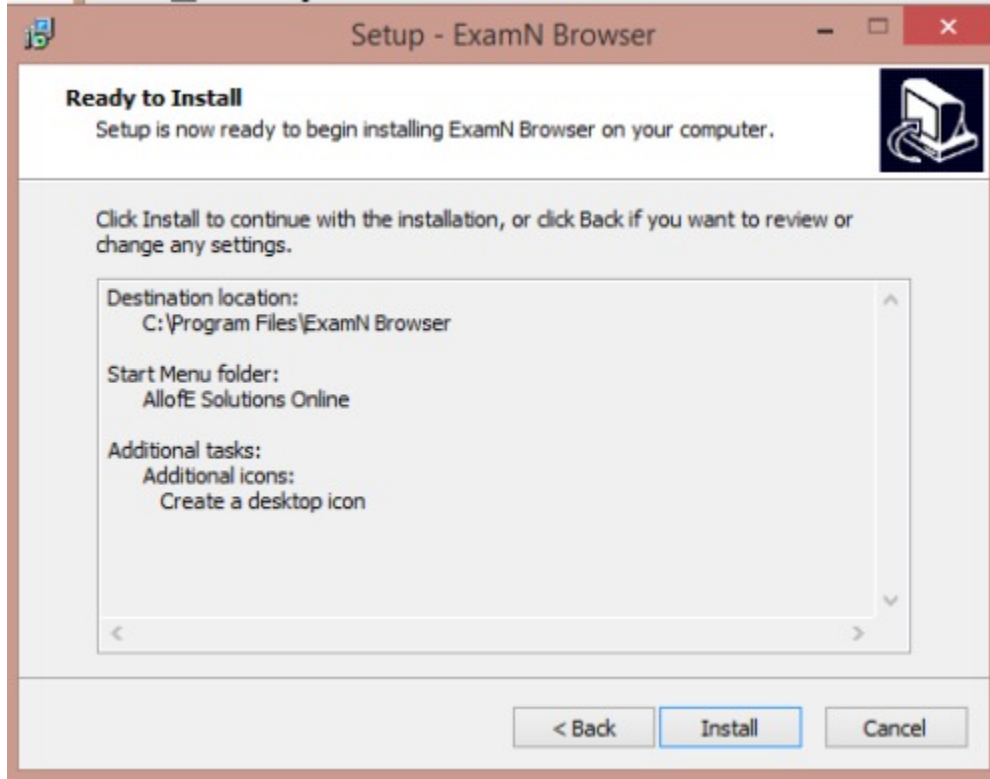

9. Click **Next** on the Select Start Menu Folder.

10. Check the **create a desktop** icon box on the Select Additional Tasks popup and then click **Next**.

11. Click **Install** on the ready to Install popup.

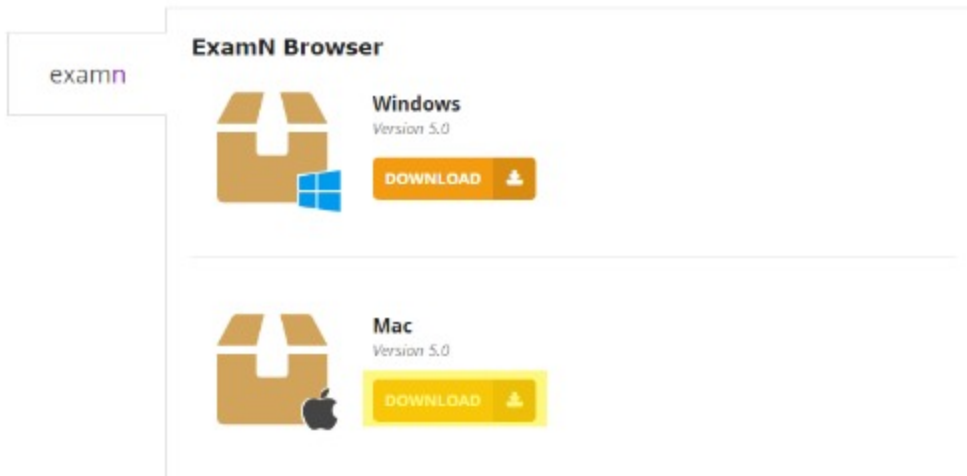

12. The application will install on your computer and automatically create an ExamN Browser shortcut on the desktop.

# Installing the ExamN Browser (Apple)

1. Open your internet browser.
2. Copy and paste the following web link into the address bar and press Enter on the keyboard:  
<https://he.emedley.com/downloads>
3. Select **ExamN** from the sidebar and click the Download button under **ExamN Browser -> Mac**.  
Note: The minimum version of the Mac OS is Catalina (10.15)

## Downloads

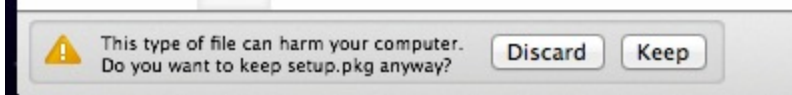

Below are the available downloads for software related to the eMedley application family. Please download the proper package for your operating system and architecture.

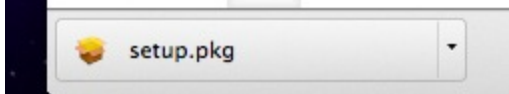

The screenshot shows a web page titled "ExamN Browser" with a sidebar containing the word "examn". The main content area displays two download options. The first option is for Windows, Version 5.0, with a blue "DOWNLOAD" button. The second option is for Mac, Version 5.0, with a yellow "DOWNLOAD" button. The Mac option is highlighted with a yellow background.

*Note:* Minimum version requirement for the Mac OS is 10.9.

4. Allow the file to **download**.

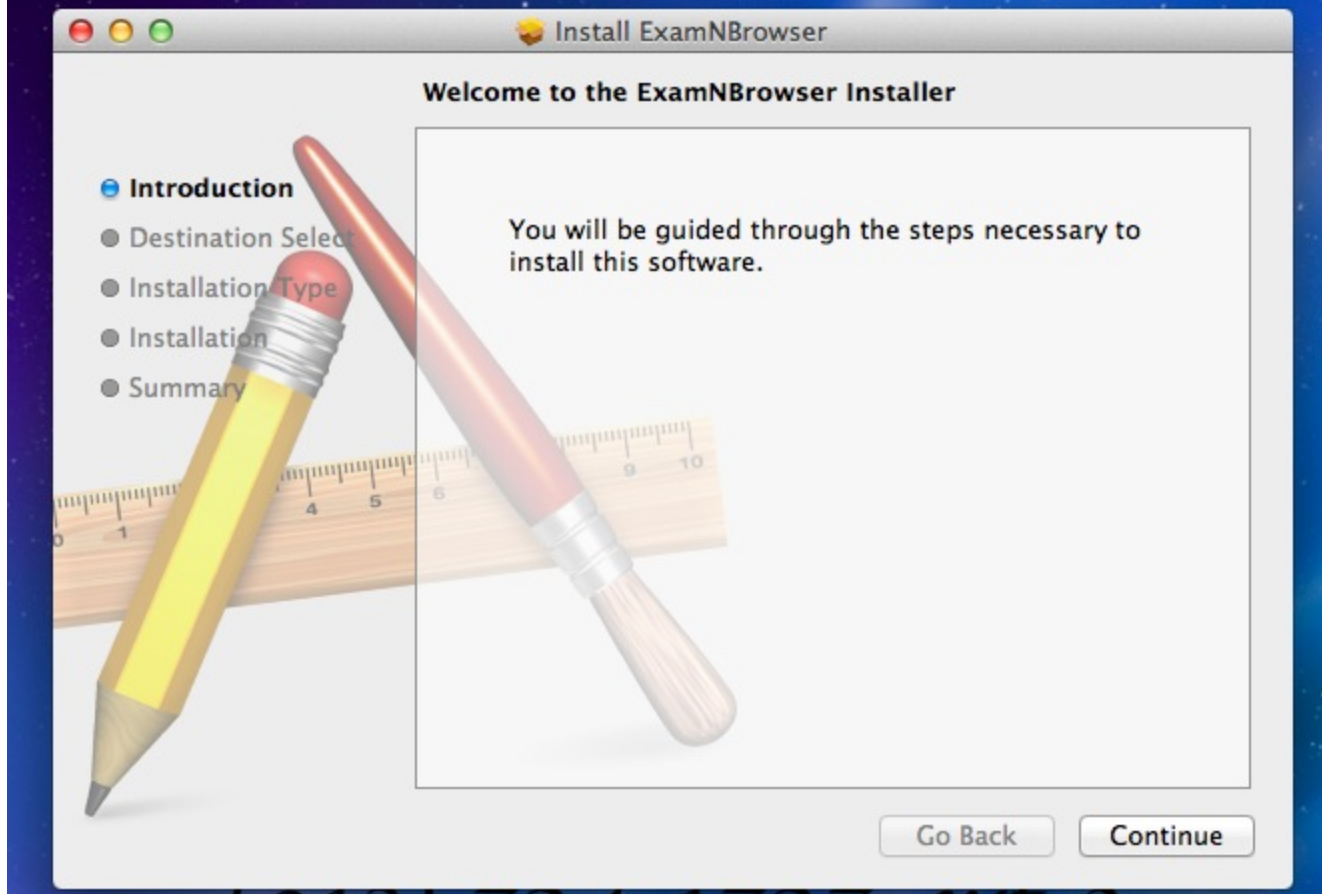

5. On the File Download bar at the bottom, double click on the setup.pkg file.

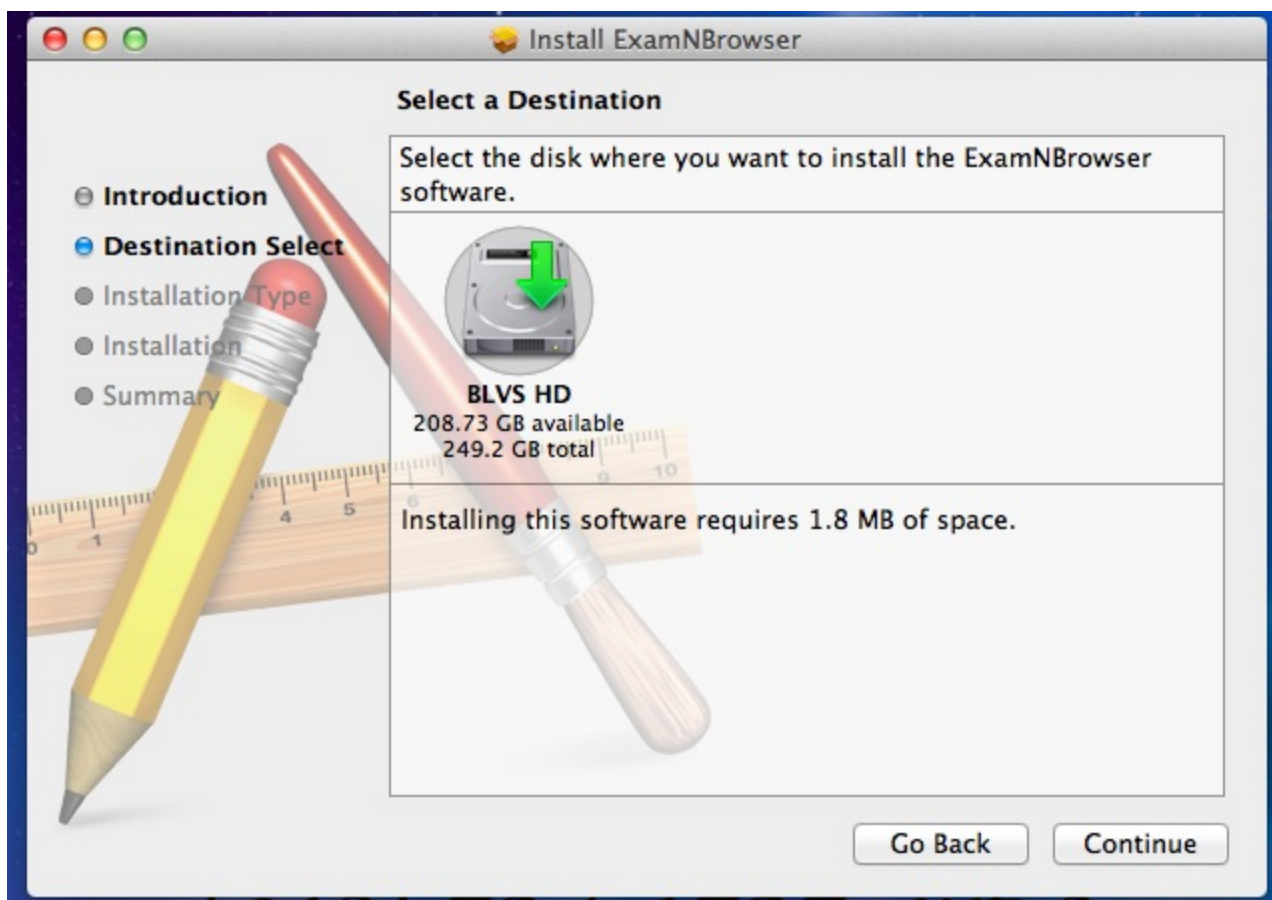

The ExamN Browser Installer will open.

6. On the Install ExamN Browser window, click **Continue**.

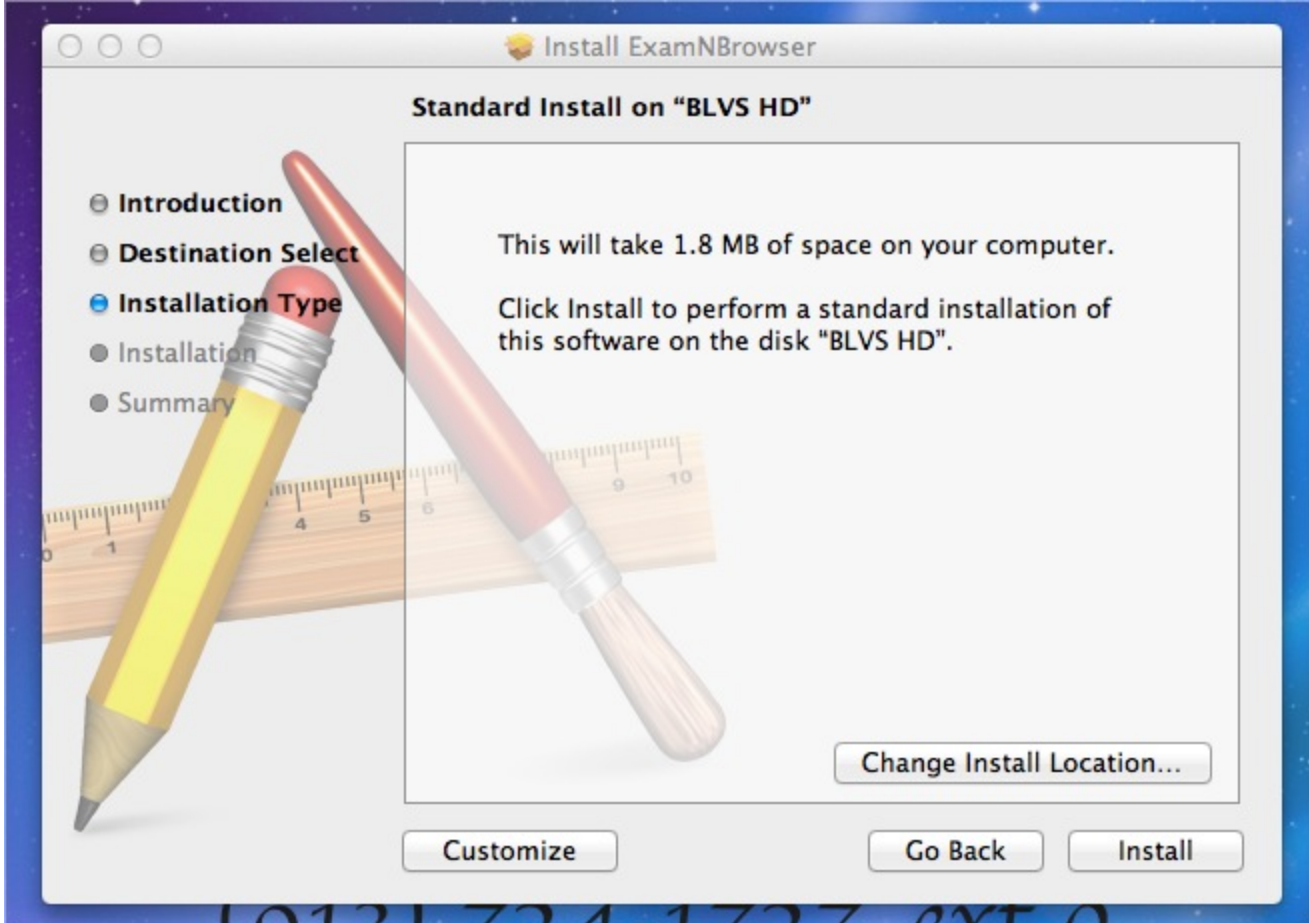

7. Click **Continue** on the Select Destination Location screen.

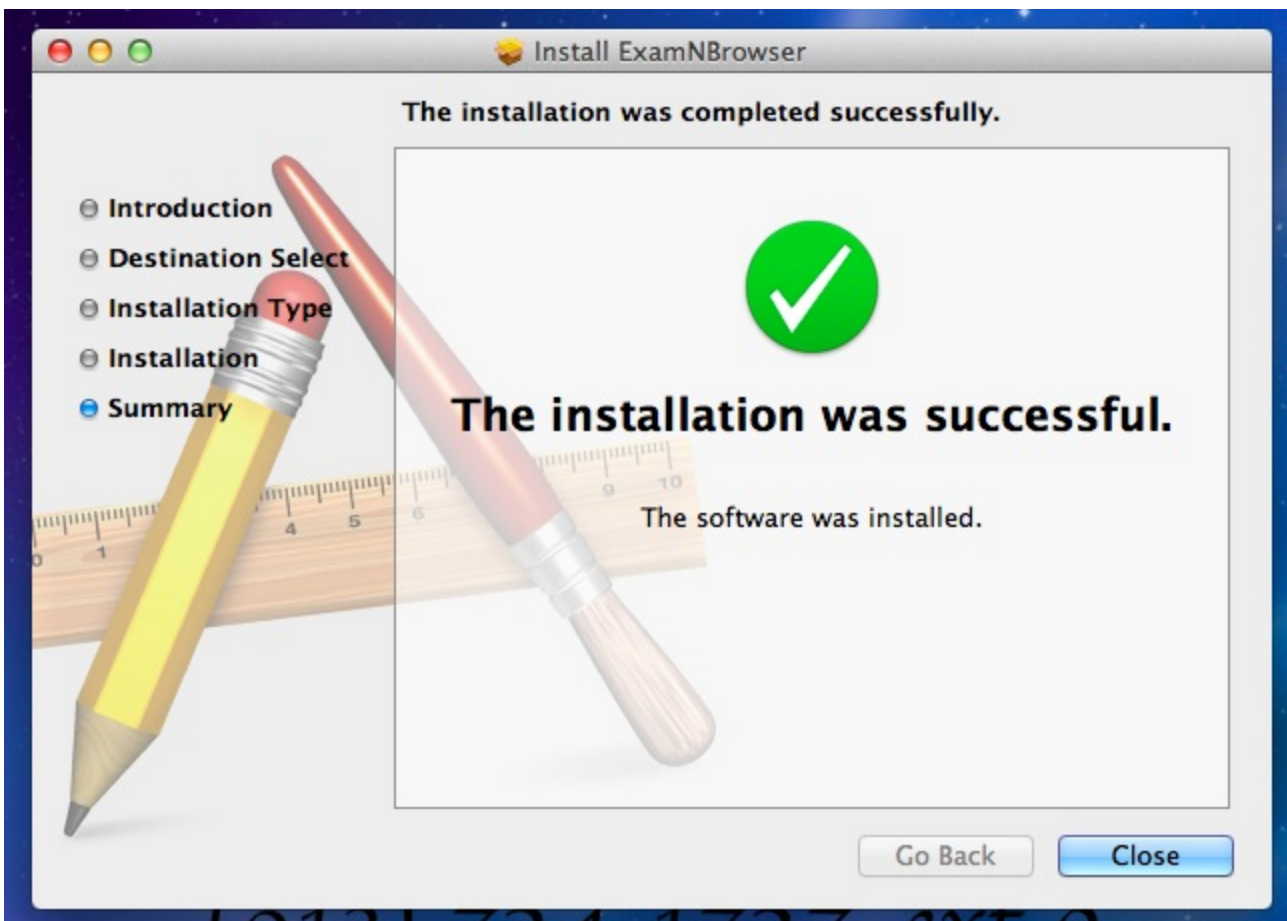

8. Click **Install** on the Installation Type screen.

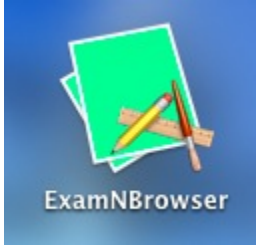

9. Click **Close** when you receive the successful installation message.

10. Use **Finder** or **Launchpad** to open the application.

## Registration Code

The first time you run the browser, you will be asked to enter a Registration Code.  
Your registration code is: **EXAMNPLUS**
