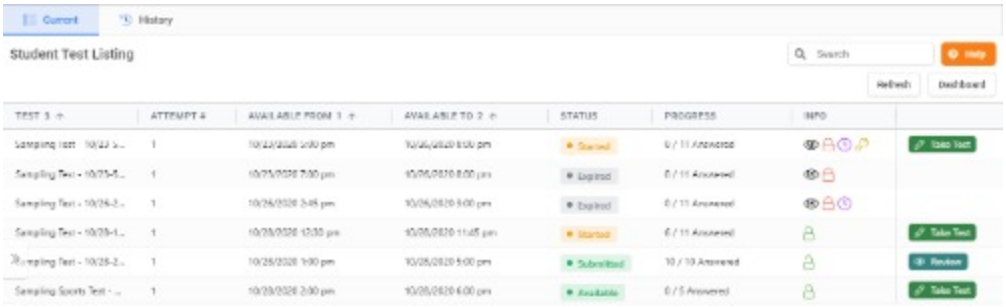
Test Taking

The functionality mentioned in this manual may differ from the functionality available to you.
There may need to be custom development to implement this functionality.

I. Test Listing
II. Test Taking
III. Test Submission
IV. ExamN Browser

Test Listing

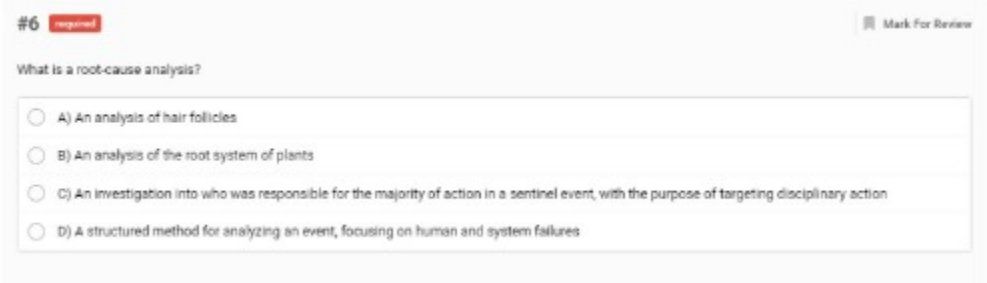
To take an online test, go under **Didactic** and select **My Tests.** This will show all the tests currently scheduled or available to review.



Current Test Listing

Test Taking

- When a test becomes available, select **Take Test**
- A Start Test button will pop up in the middle of the screen. Click **Start Test** when ready to begin
- If wanting to mark a question for review, select the **Mark For Review** button in the upper right corner.



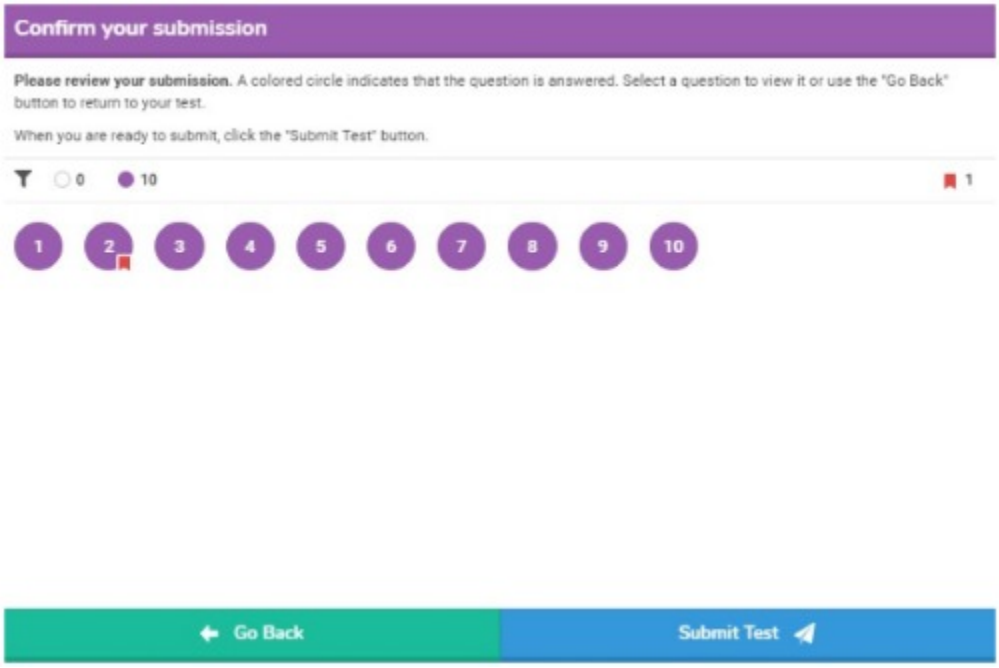
Mark For Review

- Additionally, there is a pop-out panel on the right side of the screen that will come up by hitting the arrow.
- This will show all unanswered, answered, and flagged questions.

Pop-out Review Panel

Test Submission

- Once the test is completed, click **Submit Test** at the bottom corner of the screen
- A review panel will pop-up that details the completion of the test
- Select **Submit Test** again to confirm. Or select **Go Back** if wishing to go back to test



Final Review Screen

ExamN Browser

Some tests may be assigned to be completed in the **ExamN Browser**. See the ExamN Browser Manual to learn how to download it.

- Once the broswer is downloaded, log in to account
- A listing view of all the tests scheduled to take and have taken will appear
- Find the desired test to take and select the **Download** button
- After the test is downloaded, the available time for the test will begin
- Everything within the test is the same as taking it online, with the exception of closing the browser or leaving the site
